STRUCTURE AND SPRINGING STRUCTURE ET SUSPENSION	Structure: 1 Solid bearing fir wood. Structural elements in multilayer wood panels in class E1 and panels of wood particles in class E1, infills in faesite. Springing: 1-3 The back is made of hardboard panels.Seat with pre-	tensioned crossed propylene fibre and latex elastic webbing.	Structure: 1 Structure porteuse en bois de sapin. Éléments structurels en panneaux de bois multicouches de classe E1 et panneaux de particules de bois de classe E1, tampons en faésite. Suspension: 1-3 Dossier en
NOTE NOTE	Quilting is realised with a distance of between 20 and 23 cm, depending on the module and the size of the finished element. Possible combinations of elements with different dimensions result in the widths of the strips not	matching perfectly. Each drawing of the modules in the price list faithfully shows the division of the quilting of the seat and back. This workmanship is made more pronounced in light-coloured fabrics.	Le piquage est réalisé avec un pas oscillant entre 20 et 23 cm selon le module et la taille de l'élément fini. Les combinaisons possibles d'éléments de dimensions différentes entraînent une correspondance imparfaite entre les largeurs des bandes.Les dessins des modules dans le tarif indiquent fidèlement la division du matelassage de l'assise et du dossier. Ce finition est plus marqué dans les tissus de couleur claire.
